

Presentation:

- Remember you are trying to convince your audience to not take this substance.
- Look at your section. Can you add visualize instead of just words?
- What do you plan to say to your audience?
- You want to have what you plan to say written down.
- Good presenters do not read from the slides.

Your section:

- How will you introduce your section?
- What are your key points in your section?
- How will you transition to the next persons section?

Your group presentation:

- Introduction
- An interesting hook.
- What is your topic
- Who are your group members.

Body:

- Basic facts about drug or substance
Is it legal or illegal?
Amounts/ingredients
Names (including slang)
- Signs of use/misuse
- Effects on brain and body, including addiction
- Treatment
-

Conclusion:

- Remind your audience what your key points are in your presentation.
- End your presentation with a message to your audience.
